APPLICATION FOR PRE-JULY 2017 BASIX

Your Ref N^o:

BASIX energy targets and thermal comfort stringency increased on 1 July 2017.

Additional transitional arrangements are in place for home buyers who have entered into a building contract prior to 31 December 2017 to construct their new home using the pre-July 2017 BASIX stringency.

To request access to the pre-July BASIX tool please submit the completed application and copy of signed building contract or signed evidence of a pre-contract option to build to:  Email: DPE.bta@planning.nsw.gov.au

NOTE: Please complete forms electronically (typed). Forms completed by hand (offline) may be subject to longer approval time. Access is conditional on:

- A building contract or pre-contract option to build signed and dated no later than 31 December 2017.
- Value of building works no greater than \$1.5 million.
- Form of building contract that satisfies the terms and conditions for the transitional arrangements

To view the full terms and conditions visit www.basix.nsw.gov.au

Please allow up to five working days from receipt of completed application for the project to be created and placed in the nominated BASIX account.

The information below must be completed and signed copy of contract or option attached to the application.

Items marked * are mandatory.
